The following is a guide to assist you with the use of your complimentary admissions to your upcoming sports season.

- The University will provide all varsity student-athletes up to four (4) complimentary admissions for each home and away contest in the sport that they participate.

- Student-athletes must sign up their guests by the indicated lockout time of each respective game, home or away. It is important that the student-athlete accurately list the first and last names of their respective guests in www.playerguest.com.

- A teammate can assist another teammate by putting family members, relatives or friends of another player on his/her list. This must be done by the student-athlete giving his or her admissions to a teammate through www.playerguest.com.

- Immediate family members (i.e. parents, brother, sisters, etc.) must be listed by the respective student-athletes before anyone else can be listed (i.e. friends).

- **As a student-athlete, you must understand that you may not receive payment from any source for this complimentary admission and may not exchange or assign your comp admissions to anyone for any item of value. Violating this rule will result in the loss of your eligibility to play.**

- **Individuals designated by the student-athlete to receive complimentary admissions are not permitted to receive any type of payment for these admissions or to exchange or assign them for any item of value.**

- An institution may not provide a special arrangement to sell a student-athlete ticket(s) to an athletics event. This is a result of games being sold out and not available to the general public. As such we are not allowed to help secure tickets beyond the permissible complimentary admissions.

- A student-athlete may not purchase tickets for an athletics contest from the institution and then sell the tickets at a price greater than their face value.

- Policy states that changes cannot be made after the lockout has been concluded. No changes will be made at the player pass gate the day of the game.

- Each guest must appear “in person” to receive his/her complimentary admission. Valid picture identification is required for all individuals using a complimentary admission. Guests that are 15 years of age or younger that do not have a picture I.D. must request their complimentary admission with an adult that has proper identification that also appears on the guest list. Please notify all guests concerning this requirement before they come to pick up their complimentary admission.

- **Everyone, regardless of age, must present a ticket for admission.**
• Individuals receiving complimentary admissions must proceed immediately into the respective stadium/arena/venue. Once inside, individuals may not exit and re-enter the stadium/arena/venue. No pass outs will be issued.

• A person attempting to substitute for another person at the gate will not be given a complimentary admission and will not be admitted into the stadium/arena/venue.

• As a student-athlete, I will NOT provide my password or mother's maiden name to any other individual (including team manager and coaches).

Please take time to read and understand these policies regarding the use of complimentary admissions. Any deviation could result in a NCAA violation and lead to institutional and/or individual penalties including loss of ticket privileges and/or eligibility.
